We have really enjoyed playing outside today!

The weather is very cool and a little muggy!

The children enjoyed running around and chasing each other.

Julie from Keeping Little Ones In Care today. She came out to let me know of a wonderful program we have been invited to be about. We already have been trained in the DECA program for three and up. But now DECA has made a sent of forms for infant to toddler.

The DECA program is an observation tool to help improve/ enhance a child's social and emotional development. The scoring will show a child's strengths and weak areas that could be improved with different enriching activities.

We are very excited to bring this to our program. I look forward to speaking to each of you about this program.

LUNCH: Sausage, bread, potatoes, pork n beans, milk
SNACK: cheese and crackers. Yum!

Have a great day!
